Emily King
"Never Be Lonely"

I'd give anything to hold you once again
I prayed that you could love me until the end
And I would never be lonely

Once we shared out world and anything I'd give
Simply to see you smile
This man was the center of my happiness
If only for a short while
Funny how things can change so easily
But oooooh can we go back to where we used be?

Oh, if I could have yesterday
I'd make it so you never go away

And I would never be lonely
I'd give anything to hold you once again
I prayed that you could love me until the end
And I would never be lonely

There was a time when I thought that love could never,
never change
There was time when you'd hold me close
You'd take away my pain
Well how those days
What happen to forever?

Oh, if I could have yesterday
I'd make it so you never go away
And I would never be lonely
I'd give anything to hold you once again
I prayed that you could love me until the end
And I would never be lonely
