Emily Osment:

You say that you never gonna leave me  
Two time that you tell me that you need me  
Well this line is mine, just think about it!  
You don't know,  
You don't know,  
You don't know!  
Don't say that you'll never find somebody like me,  
Well, keep quite baby I don't wanna hear you speak,  
The words you say, they don't mean a thing!  
You don't know,  
You don't know,  
You don't know!

Chorus:

Hush now, baby, don't say a word,  
You better give it up or you gonna get hurt!  
Hush now, baby, don't say a word,  
You better give it up or you gonna get hurt!

You think I don't know that you don't mean it,  
That you don't mean it!  
And you don't think it shows that I still need it,  
That I steel need it!  
You think I won't go if you don't feel it,  
If you don't feel it!  
We fall in, fall out,  
We follow hush, hush don't say a word!

Josh Ramsay:

You're saying I'm only hearing what I want to,  
But you don't wanna hear a word how I need you,  
And I know we both don't hear a thing.  
You don't know,  
You don't know,  
You don't know!  
So don't say I need to listen to you better  
You pulled it away from me forever!  
I just can't get my head around it!  
You don't know,  
You don't know,

You don't know!

Chorus: (Josh Ramsay & Emily Osment)  
Hush now, baby, don't say a word,  
You better give it up or you gonna get hurt!  
Hush now, baby, don't say a word,  
You better give it up or you gonna get hurt!

(Josh Ramsay & Emily Osment)  
You think I don't know that you don't mean it,  
That you don't mean it!  
And you don't think it shows that I still need it,  
That I steel need it!  
You think I won't go if you don't feel it,  
If you don't feel it!  
We fall in, fall out,  
We follow hush, hush don't say a word!

Oh, yeah, yeah!  
I know we can make life,  
Make new again!  
I know you wanna back track and start again!  
I think you know I'm worth fighting for,  
I think we should hush don't say a word! (x2)

Chorus: (Josh Ramsay & Emily Osment)  
Hush now, baby, don't say a word,  
You better give it up or you gonna get hurt!  
Hush now, baby, don't say a word,  
You better give it up or you gonna get hurt!

You think I don't know that you don't mean it,  
That you don't mean it!  
And you don't think it shows that I still need it,  
That I steel need it!  
You think I won't go if you don't feel it,  
If you don't feel it!  
We fall in, fall out,  
We follow hush, hush don't say a word!

Change my mind,  
This is goodbye  
Just one more try,  
You won't change my mind! tell them all, tell them tell  
them hard.
