Hey, what's your name?
I think I like you
Come a little closer now
Wait, what'd you say?
Is that your girlfriend?
Think I'll be turning that around
Don't you wanna
Don't you wanna
Don't you wanna know what it would feel like

Let's be friends so we can make out
You're so hot, let me show you around
I see what I want, and I wanna play
Everyone knows I'm getting my way
It doesn't matter what you say
I'm knocking you down, down, down
I'm knocking you down, down, down
I'm knocking you down

Hey, let me flip though the pages to something
outrageous
Potentially maybe, it could be more
But don't get your hopes up, first let's just hook up
Maybe you'll be what I'm looking for
Don't you wanna
Don't you wanna
Don't you wanna know what it would feel like

Let's be friends so we can make out
You're so hot, let me show you around
I see what I want, and I wanna play
Everyone knows I'm getting my way
It doesn't matter what you say
I'm knocking you down, down, down
I'm knocking you down, down, down
I'm knocking you down

Don't want no permission
Don't need no ignition
'Cause I'm on a mission
You've got my attention

There's no need to mention the way, the way you see
'Cause you're in my vision
Don't need no decision
So take a position
There's no need to question my every intention
'Cause this, cause this is me

Let's be friends so we can make out
You're so hot let me show you around
I see what I want, and I wanna play
Everyone knows I'm getting my way
It doesn't matter what you say
I'm knocking you down, ('cause we're young) down,
down
I'm knocking you down, (let's have fun) down, down
(let's have fun)
I'm knocking you down, ('cause we're young) down,
down
I'm knocking you down, (let's have fun) down, down
(let's have fun)

Let's be friends so we can make out
You're so hot, let me show you around
I see what I want, and I wanna play
Everyone knows I'm getting my way
It doesn't matter what you say
I'm knocking you down, down, down
I'm knocking you down, down, down
I'm knocking you down
