"Thinking About You"

In the back of your car
In the pourin rain
You told me somethin
You never told anyone
Saw the look on your face
When I turned away
I wanted so bad
For everything to stay the same
I never meant to push you away
And I'm tryin to put the pieces back together now

Im thinking about you
Thinkin about me
Thinkin about everything you wanted this to be
And all the tears I cried
Dont help the pain inside
Now youre gone
And its all I can do
Just think about you

And the thing that we had
Didnt have a name
But it is somewhere between a friendship and a flame
And I tried to forget
Tried to play it cool
Im stayin busy
Im trying not to dream of you
I didnt know you felt this way
And I'm tryin to find a way to make us
Better now

Im thinking about you
Thinkin about me
Thinkin about everything you wanted this to be
And all the tears I cried
Dont help the pain inside
Now you're gone
And its all I can do
Just think about you
Think about you

In the back of your car
In the pourin rain
You told me something
You never told anyone

Thinking about you
Thinkin about me
Thinkin about everything you wanted this to be
And all the tears I cried
Dont help the pain inside
Now youre gone
And its all I can do
Just think about you

Think about you [x3]
