My virgin dreams are gone  
I try to find someone  
Who tells me  
What's love  
Why there is no wonderland  
Why lovers try to pretend  
To love you

Tell me what is love  
What is love when love means crying  
What is love when dreams are dying  
What is love when lovers never say I love you

Your kisses taste so dead  
Where are the dreams we had  
Just silence  
Between us

Helplessly I recognize  
Love faded last night  
Where has our love gone

What is love when love means crying  
What is love when dreams are dying  
What is love when lovers never say I love you

What is love? what is love? wear the necklace of a dove
