The sun turns dark like my heart
The earth keeps moving on
And starts turning into a new season

I look to the sky for the signs of the day
I'm crawling and waiting to follow my way
Old mother earth knows the mystery
Infinity in there

I'm waiting for you, I'll wait, I'll wait
I'm waiting for your love, you're love
I'm waiting for you, I'll wait, I'll wait
I'm waiting for your love, you're love

The sun turns cold and we get old
Prophecies have told us once
A new dawn is rising, horizon

Enter the unknown leaving borders behind
Find all the secrets we cannot remind
We'll join new seasons or we will stay blind
Infinity out there

I'm waiting for you, I'll wait, I'll wait
I'm waiting for your love, you're love
I'm waiting for you, I'll wait, I'll wait
I'm waiting for your love, I'm waiting for your love

I, I wait for the day, I'll wait, I'll wait
I wait for the day, I'll wait, I'll wait
I wait for the day, the day

I'm waiting for you, I'll wait, I'll wait
I'm waiting for your love, you're love
I'm waiting for you, I'll wait, I'll wait
I'm waiting for your love

I'm waiting for, I'm waiting for
I'm waiting for the day, I'm waiting
I'm waiting for, I'm waiting for
I'm waiting for the day
