[Hook- Skam (Eminem)]

Yo, I'm trying to be the man of the day  
Three six five a year  
See the bullshit you saying, Skam ain't trying to hear  
(Fuck that!)

Busting lyrics in the air  
Keeping some up in the chamber  
(Yo Skam, what the fuck you doing?)  
Man, I'm releasing anger!  
(I'm trying to be the illest of the day  
Three six five a year  
See that bullshit you saying, Shady ain't trying to hear  
Spitting lyrics in your ear  
Keeping some up in the chamber)  
Ayyo Shady what the fuck you doing?  
(I'm releasing anger!)

[Skam]

Man I'm tired of being tired, every time I wake up  
Tired of these fake ducks, tired of being late for the bus  
Tired of all be blending, and ending up dating sluts  
So my facial expression stay stuck up, and shut the fuck up!

To the pity ass rappers, that ain't shit with out make-up, wake up  
Gold digging bitches, the buck stops here  
The road to riches is closed for repair  
So if the shoe ain't fitting, girl leave that shit alone  
You ain't Erykah Badu, what I look like Tyrone?  
I rip your tissue out your ear  
Spitting like I don't care  
My hair look like I ain't come it, shit a damn near year  
So I burn, zig-zag, I leave the next man with his heels up  
Brain dead, and be reincarnated at a speed bump  
When we done we stay hard, so you don't land shit  
Suck Skam's dick, off of what a dead man spit  
Yo that's it, I don't plan shit, you know how we go down  
They need to slow down, and take a look who the ho now

At every industry party, getting so damn drunk  
Can't remember the lass ass you kissed, or dick you  
sucked  
Remind me of my ex, in the street got me veck  
Trying to roll up on Miami, leaving with a broke neck  
Oh shit, lethal lyric equal land mind  
I be stacking up white rappers like I'm throwing gas  
signs  
And I'm, buck wild exposing the plain truth  
You couldn't mess with me, fucking shit up in the same  
room  
Hey you, I don't know you but fuck it, let me get a dollar  
For this bad car, that go along with the breath  
Some show the mad bomb, and steal the show like a  
theft  
Cause in Miami, the baby jamming like three up in the  
chamber  
(Yo Skam what the fuck you doing?)

[Hook]

[Bridge]

"I just wanna figure something in my head  
And maybe you can help me out here  
When a person is insane, as you clearly are  
Do you know that you're insane?  
And you're just sitting around reading guns and ammo  
Masturbating in your own feces  
Do you just stop and go  
"Wow, it's just amazing how fucking crazy I really  
am"?"

[Eminem]

Some people say I'm strange, I tell them ain't shit  
change  
I'm still the same lame asshole with a different name

Came late to the last show with a different dame  
Brain ate from the last O' that I sniffed of 'caine  
You know you're spaced the fuck out like George Lucas  
When your puke is turning to yellowish-orange mucus  
So when I grab a pencil and squeeze it between fingers  
I'm not a rapper, I'm a demon who speaks English  
Freak genius, too extreme for the weak and squeamish  
Burn you alive till you screaming to be extinguished  
Cause when I drop the science, motherfuckers tell me  
to stop the violence  
Start a fire and block the hydrants  
I'm just a mean person, you never seen worse than  
So when Slim gets this M-16 bursting  
You getting spun backwards like every word of  
obscene cursing  
On the B-side of my first single with the clean version  
Stopping your short life while you're still a teen virgin  
Unless you get a kidney specialist and a spleen  
surgeon  
In the best hospital possible for emergency surgery  
To try to stop the blood from your ruptured sternum  
internally  
I'll take it back before we knew each other's name  
Run in a ultrasound and snatch you out your mother's  
frame  
I'll take it further back than that  
Back to Lovers' lane, to the night you were thought of,  
and  
Cock block your father's game  
I'll plead the fifth like my jaws were muzzled  
So suck my dick while I take a shit and do this  
crossword puzzle  
And when I'm down with ten seconds left in the whole  
bout  
I'mma throw a head-butt so hard, I'll knock us both out
