[Intro]

There's no escaping
There's no place to hide
You scream, "Someone save me!"
But they don't pay no mind
Goodbye

[Verse 1]

You're walkin' down a horror corridor
It's almost 4 in the mornin' and your in a...
Nightmare it's horrible
Right there's the coroner
Waitin' for you to turn the corner so he can corner ya'
You're a goner, he's on to ya'
Out the corner of his cornea, he just saw you run
All you want is to rest cause you can't run anymore,
you're done
All he wants is to kill you in front of an audience
While everybody is watching in the party, applauding it
Here I sit while I'm caught up in deep thought again
Contemplating my next plot again
Swallowing the Calotapin
While I'm nodding in and out on the ottoman
At the Ramada Inn holding onto the pill bottle then
Lick my finger and swirl it round the bottom
And make sure I got all of it
Wake up naked at McDonald's with blood all over me
Dead bodies behind the counter, shit
Guess I must've just blacked out again
Not again

[Chorus] [2X]

It's 3 A.M. in the morning
Put my key in the door and
Bodies laying all over the floor and...
I don't remember how they got there
But I guess I must've killed em' (Killed em')

[Verse 2]

Sitting nude in my living room
It's almost noon

I wonder what's on the tube
Maybe they'll show some boobs
Surfing every channel until I find Hannah Montana
Then I reach for the aloe and lanolin
Bust all over the wall paneling
Dismantling every candle on top of the fire place
mantle and...
Grab my flannel and my bandanna then...
Kiss the naked mannequin man again
You can see him standing in my front window, if you
look in
I'm just a hooligan who's used to using hallucinogens
Causing illusions again
Brain contusions again
Cutting and bruising the skin
Razors, scissors, and pins
Jesus, When does it end?
Phases that I go through
Dazed and I'm so confused
Days that I don't know who
Gave these molecules to
Me, what am I gonna do
Hey, the prodigal son
The godfather for one
Very methodical when I slaughter them

[Chorus] [2X]

It's 3 A.M. in the morning
Put my key in the door and
Bodies laying all over the floor and...
I don't remember how they got there
But I guess I must've killed em' (Killed em')

[Bridge] [2X]

She puts the lotion in the bucket
It puts the lotion on the skin
Or else it gets the hose again

[Verse 2]

I cut and I slash slice and gash
Last night was a blast
I can't quite remember when I had that
Much fun off a half-pint of a Jack
My last vic and a half
A flashlight up Kim Kardashian's ass
I remember the first time I dismembered a family
member
December, I think it was
I was having drinks with my cousin
I wrapped him in Christmas lights
Pushed him into the stinking tub

Cut him up into pieces and just when I went to drink his
blood
I thought I oughta' drink his bathwater that oughta' be
fun
That's when my days of serial murder manslaughter
begun
The sight of blood excites me, that might be an artery
son
Your blood curdling screams just don't seem to bother
me none
It's 3 A.M. and here I come so you should probably run
A secret passageway around here, man, There's got to
be one
Oh no there's probably none
He can scream all that he wants
Top of his lungs
But ain't no stopping me from chopping him up (up)

[Chorus] [2X]

It's 3 A.M. in the morning
Put my key in the door and
Bodies laying all over the floor and...
I don't remember how they got there
But I guess I must've killed em' (Killed em')
