i wonder how i ever made through a day
how did i settle for a world in shades of gray?
when you go in circles all the scenery looks the same
and you don't know why
then i looked into your eyes
where the road stretched out in front of me and i
realized

(chours)

i never lived before your love
i never fell before your touch
i never needed anyone to make me feel alive
but then again i wasnt really living
i never lived before your love

i wanted more than just an ordinary life
all of my dreams seemed like castles in the sky
i stand before you and my heart is in your hands
and i don't know how i survived without your kiss
casue your giving me a reason to exist

(chours)

i never lived before your love
i never fell before your touch
i never needed anyone to make me feel alive
but then again i wasn't really living
i never lived before your love

i never lived before your love

and i don't know why
why the sun deides to shine
but you breathed your love into me just in time

(chours)

i never lived before your love
i never fell before your touch
i never needed anyone to make me feel alive
but then again i wasn't really living
i never lived
i never lived

before your love
