[50 Cent]

Yeah, Shady, Hahahaha

G G G G G G G G-Unit

[Eminem]

Here we go again

[50 Cent]

Does it make you mad when I switch my flow?

You can't understand how I get my dough

50 Cent I'm on fire cause Shady said so

I'm on fire

Everybody's in a rush try to get the throne

I just get on the track and try to set the tone

I ain't tryna use nobody as a steppin stone

But don't compare me

I'm better off jus' left alone

And I ain't even tryna go there wit record sales

I'm just tryna keep it humble and respect myself

Say what up, keep steppin, and just rep D-12

Keep my nose clean, stay away from weapons, jail

And livin wreckless

But if you go check my belt

You may see something else I used to protect myself

A vest, to stop a Rueger and deflect the shells

And send 'em back at you faster than they left the

barrel

And I don't even carry guns no more, I don't got to

Got undercover cops that'll legally pop you

And I done seen a lot of people cross the line

But this motherfucker Ja musta lost his mind

That X, got him thinkin' he was DMX

Then he switched to 'Pac now he's tryna be him next

So which one are you? X, Luther, Pac or Michael

Juss keep singin' the same song, recycled

We'd all much rather get along and fight you

Me and Hailie danced to your songs we liked you

And you don't really wanna step inside no mic booth

C'mon now, you know the white boy'll bite you

I hurt your pride dawg and you know I don't like to

But I will if I have to, with syllable after syllable I just  
slap you  
Killin' you fasta than you poppin' pill afta little pill of  
them tabs of that shit you on

But if you want it you got it you'd bump this shit too, if  
we ain't diss you on it  
But if we lock horns we can charge harder than Busta  
We bump heads wit any motherfucker that wants to  
So whats the, deal where was all the tough talk?  
When I walked up to you like, Ja what up dawg?  
How come you didn't say you had a problem then?  
When you was standin' there wit all your men, we  
coulda solved this then  
I'ma grown man dawg come holla  
All you did was slapdance, smile and swallow,  
another one of them little X pills in front of me  
And tell me 50 Cent was everything you wanna be  
come on

[50 Cent]

[Chorus]

I know you don't want it with me  
You know you don't want it with me  
You, talk an' you soon will see  
You don't wanna bump heads with me  
I know you don't want it with me  
You, talk an' you soon you will see  
You know you don't want it with me

[Tony Yayo]

You betta stick to tha movies with Steven Seigel, bitch

[50 Cent]

[Chorus]

I know you don't want it with me  
You know you don't want it with me  
You, talk an' you soon will see  
You don't wanna bump heads with me

I know you don't want it with me  
You, talk an' you soon you will see  
You know you don't want it with me

[Lloyd Banks]

Fuck that I'm miles away  
And these industry niggas startin' to get outta hand  
I'ma find your whereabouts by stompin' 'em out ya man  
Tellin' New York, even in Compton they understand  
I'm on the block where you was raised doin' chocolate  
out tha game an'...  
They see me more pop a boy for icy cuz I could  
Shootin' guns for money you probably forgot your way  
around the hood  
Bitch when you paranoid it's hard to make a song  
Now you want it wit' us, half your artists got to make a  
point  
Every magazine I own your on your knees takin' prayer

And you ain't even got shot yet, you scared bitches  
You don't know nuttin' about what pain is sucka

muh'fucker

[50 Cent]

[Chorus]

You know you don't want it with me  
You, talk an' you soon will see  
You don't wanna bump heads with me  
I know you don't want it with me  
You, talk an' you soon you will see  
You know you don't want it with me
