Shady Aftermath recording artist...

Long time best friend of Eminem and a member of the rap group D12...

D12 back in the news again today...

Is it a sabbatical or the end? The rumors and speculation continue to swirl around Eminem; he insists he's just taking a break, but now its believed hes retiring, leaving us all to ask: Will the Real Slim Shady please stand up?

[Verse 1]

So this is it...

This is what I wished for

Just isn't how I envisioned it

Fame to the point of imprisonment

I just thought the shit'd be different

But something changed

The minute that I got a whiff of it

I started to inhale it

Smell it

Started sniffin' it

And it became my cocaine

I just couldn't quit

I just wanted a little bit

Then it turned me (in)to a monster

I became a hypocrite

Concert after concert

I was raking in the dough  
Rolling in green  
Had the game hemmed up  
Like a sewing machine  
But I was losing my freedom  
There was no where for me  
To not go and be seen  
And just go and be me  
And there was no in-between  
You either loved it or hate it

Every CD critics gave it a 3, then 3  
Years later, they'd go back and re-rate it  
And call the Slim Shady LP the greatest  
The Marshall Mathers was a classic  
The Eminem Show was fantastic  
But Encore just didn't have the caliber to match it  
I guess enough time just ain't passed, yet  
A couple more years, that shit'll be ill-matic  
And eight years later, I'm still at it  
Divorce, re-married  
A felon  
A father  
Sleeping pill addict  
And this is real talk  
I feel like the Incredible Hulk  
My back has been broke, and I can still walk

[Chorus]

So be careful what you wish for  
'Cause you just might get it  
And if you get it then you just might not know  
What to do wit' it, 'cause it might just  
Come back on you ten-fold

I said

Be careful what you wish for  
'Cause you just might get it  
And if you get it then you just might not know  
What to do wit' it, 'cause it might just  
Come back on you ten-fold

[Verse 2]

I got a letter from a fan, that said  
He's been praying for me  
Every day and for some reason

It's been weighing on my mind heavy  
'Cause I don't read every  
Letter I get, but something told me to go ahead and  
open it, but  
Why would someone pray for you when they don't know  
you?  
You didn't pray for me when I was local  
And as I lay these vocals  
I think of all the shit I had to go through  
Just to get to where I'm at  
I've already told you at least

A thousand times in these rhymes  
I appreciate the prayer, but I've already got  
God on my side  
And it's been one hell of a ride, hasn't it?  
Just watchin' it from an opposite standpoint  
Man, boy's got to look  
Nuts  
And that's the only word I can think of right now  
On how  
To describe the shit  
This is like a vibe you get  
Go ahead and bob to it  
Just watch what you wish for, 'cause I got the shit

[Chorus]

So be careful what you wish for  
'Cause you just might get it  
And if you get it then you just might not know  
What to do wit' it, 'cause it might just  
Come back on you ten-fold

I said

Be careful what you wish for  
'Cause you just might get it  
And if you get it then you just might not know  
What to do wit' it, 'cause it might just  
Come back on you ten-fold
