(Intro)

Cause some things just don't change
It's better when they stay the same
Althought the whole world knows your name
So on the biggest days they came to see you spit your
game
Oooooohhhhhhh
It shouldn't be difficult to explain
Just why you came back again, you hate the fame
Love the game, cold as ice you remain
Fuck em' all, tell 'em all eat shit, here we go again

So, god damn... is it that time again already
Haha, you don't look too happy to see me
Fuck man, don't everybody welcome me back at once
All right, fuck ya'll then

(Verse 1)

You can get the dick, just call me the ballsac, I'm nuts
Michael Vick in this bitch dog, fall back you mutts
Fuck your worms, you never seen such a sick puppy
Fuck it a sick duck, I'm on my duck sick mummy
And my nuts, lick, gobble 'em up trick, yummy
Bitch you don't fucking think that I know that you suck
dick dummy?
You'll get your butt kicked, fuck all that love shit honey
Yeah I laugh when I call you a slut, it's funny!
Shawty dance while I diss you to the beat, fuck the
words
You don't listen to 'em anyway, yeah struck a nerve
sucker
Motherfucker might aswell let my lips pucker
Like Elton John, cause I'm just a mean cock sucker
This shit is on, cause you wen't and pissed me off
Now I'm sitting and pissing on everbody
give a fuck if it's right or wrong
So buck the buddah, light a bong
But take a look at mariah the next time I inspire you to
write a song, cmon

(Chorus)

Oh oh oh oh oh oh oh, I'm as cold as the cold wind
blows
When it snows and it's twenty be-low
Ask me why man I just don't know know know know
know know know
I'm as cold as the cold wind blows blo-blo-blo-blo-blo-
blows
Oh oh oh oh oh

(Verse 2)

Fuck it I'm a loose cannon, Bruce Banner's back in the
booth
Ya'll are sitting ducks, I'm the only goose standing
I set the world on fire, piss on it, put it out
Stick my dick in a circle, but I'm not fucking around
motherfucker
I'll show you pussy footin', I'll kick a bitch in the cunt
Til it makes her queef and sounds like a fucking
whoopy cushion
Who the fuck is you pushin', you musta mistook me for
some sissy
Soft punk looking for some nookie or boosom
Go ahead, fucking hater push me
I told you ain't no fucking way to shush me
Call me a faggot cause I hate a pussy
Man the fuck up sissy, G's up

All you gardeners freeze up, put your hoes down
(shady ease up!)
Man chill, nah I can't god damnit
Rappers are land fill, drop the anvil
These are shoes that you can't fill
Shit the day that happens the world'll stop spinning
And Michael J. Fox'll come to a stand still
During an earthquake, urine in your face
Cause you're fake, ahh what the fuck, that hurt wait!
Ahh what the fuck, I just got struck by lightening
Alright then I quit, god I give up
Call it evil that men do, lord forgive me for what my
pen do
This is for your sins, I cleanse you
You can repent but I warn you, if you continue
To hell I'll send you, and just then the wind blew and I
said

Oh oh oh oh oh oh oh, I'm as cold as the cold wind
blows
When it snows and it's twenty be-low

Ask me why man I just don't know know know know
know know know
I'm as cold as the cold wind blows blo-blo-blo-blo-blo-
blows
Oh oh oh oh oh

(Verse 3)

How long will I be this way? Shady until my dying day
til I hang up the mic and it's time for me to say
So long, til then i drop the fucking bombs
Like i miss the pass when I went long
If you don't like it you can kiss my ass in a lint thong
Now sing along, slut this, slut that, learn the words to
the song
Oh bitches don't like that, homie I'll be nicer to women
When the aqua man drowns and the human torch
starts swimming
Man I'm a cold soul, I roll solo so
So don't compare me to them other bums over there
It's like apples to oranges, peaches to plums yeah
I'm bananas pussy, cut off the grapes and grow a pair
But I swear, you try to diss me, I'll slaughter you
I put that on everything, like everyone does with auto-
tune
That last thing you wanna do is have me spit out a
rhyme
And say I was writing this and I thought of you so

Oh oh oh oh oh oh oh oh, I'm as cold as the cold wind
blows
When it snows and it's twenty be-low
Ask me why man I just don't know know know know
know know know
I'm as cold as the cold wind blows blo-blo-blo-blo-blo-
blo-blo-blo
Oh oh oh oh oh

(Outro)

Oh oh oh oh oh oh oh
I don't know, I don't know what caused, I don't know
what caused me to be this wayme to be this way
I don't know, I don't know by I probably be this way til
my dying day
I don't know why I'm so, I'm so cold beat bangs, I don't
need to say
I guess this is how you made me
