You know everything that I'm afraid of  
You do everything I wish I did  
Everybody wants you, everybody loves you

I know I should tell you how I feel  
I wish everyone would disappear  
Every time you call me, I'm too scared to be me  
And I'm too shy to say

Ooh, I got a crush on you  
I hope you feel the way that I do  
I get a rush  
When I'm with you  
Ooh, I've got a crush on you  
A crush on you

You know, I'm the one that you can talk to  
And sometimes you tell me things that I don't want to  
know  
I just want to hold you  
And you say exactly how you feel about her  
And I wonder, could you ever think of me that way

Ooh, I got a crush on you  
I hope you feel the way that I do  
I get a rush  
When I'm with you  
Ooh, I've got a crush on you  
A crush on you

Ooh, I wish I could tell somebody  
But there's no one to talk to, nobody knows  
I've got a crush on you  
A crush on you, I got a crush

You say everything that no one says  
But I feel everything that you're afraid to feel  
I will always want you, I will always love you  
I've got a crush...
