Come and free me
With your words of love you heal me
Take me up above and free me
With the look of love you heal me, you heal me, oh you
heal me

It's hard to say I'm sorry
for the way I made you feel
I need your arms around me
Cause your love it keeps me real

It's hard to find the answers
But I gotta let you know
We were meant to be together
We're two halves of one hole
Now I need your love

Come and free me
With your words of love you heal me
Take me up above and free me
With the look of love you heal me, you heal me, oh you
heal me

It's hard without you near me
What's done is done I'm told
And days go bye forever
in our world so cold

Its hard to find the reason
Why we walked away
And I can't stop believin'
That you'll come back to stay
Now I need your love, and now I need your love

Come and free me
With your words of love you heal me
Take me up above and free me
With the look of love you heal me, you heal me
Come and free me, you heal me

Come and free me

With your words of love you heal me
Take me up above and free me
With the look of love you heal me, you heal me, oh you
heal me
Oh you heal me... you heal me.. oh you heal me...
