dear *marshall*,
dear *marshall*,
i just wanna start out by saying
i still love you

even when i was pregnant with you
it was very hard for me
so many times of torture was worth every minute of it
cuz wen i looked in to those big blue eyes
this was the first time i had ever felt true love
in my whole life

we have a problem marshall
the past 2 years..something really went wrong

i was so excited about your success yet so let down by
your
betrayal
playing the role of both mum & dad must of taken a toll
on you
more then i ever imagined
marshall i did the best i could
i went without seeking half
it was rong of me and i see it now as giving you
everything
and never questioning ne thing you eva did
as you were perfect in my eyes
my unconditional love created a spoiled young man
an angry one too
now before god and every1 i must apologise cuz at the
time
i thought it was the right thing to do
im torchered daily *marshall* by people always asking
me where
such an angry young man
being the only role model in your life, of course they're
gonna
blame me
the demeanin me needs to stop and i speak 4 lots of
mothers
the words really hurt and they cut like a knife

but theres no way to mend a bleedin heart
if not 4my frenz who ave been there for me and yes
marshall they really truely care
i pray some day your not going to be alone and you'll
ave frenz like
me.....and they wont be there just for your fame
and no more attacks on me
and vicious acts of heat cuz it really hurts
will the real marshall mathers please stand up?
and take responsibility 4his actions
and im gonna close this *marsh* by saying
its not too late for change
and always sincerely your only mother
