(uh huh)  
(uh huh)  
(yo aight yo)

I'm possessed by evil demons that torture me while I'm  
sleepin  
I keep dreamin of death and I'm hearin people  
screamin  
The devils spirit is trapped inside me and I want it out  
I'm on the couch bleedin to death in a haunted house  
With both of my wrists slit, I'm lifted up in the air  
And suspended in animation like someones holdin me  
there  
I feel somebodys cold hand wrappin around my neck  
while I choke on my own blood that I swallow and drown  
to death  
But I found a breath  
Somehow managed to slip the clutches  
I nearly blackened out from dizziness and head rushes  
Trippin over OD bodies of dead lushes  
Blood stains paint the plush carpet like red slushes  
Doors open and close by themselves  
Books fly off shelves  
Curtains catch fire the house melts  
My skin blisters, and sticks together like twin sisters  
The wind blows and shatters windows like 10 twisters  
Puts a piece of shrapnel in the adams apple  
Full cups of holy water and I'm lookin at em' half full but  
as soon as I go to touch em' they turn into red rum  
It got silent then all these voices said  
"Come follow me into the gates of hell"  
I heard em' yell  
"Welcome to the Norman Bates motel"  
I rang the bell for service, and I was greeted by his  
mother  
Covered in dry blood, head still dented from his shovel  
I said I need a room so i can try to get some rest  
She gave me the keys to the best suite and a bag of  
sess  
She told me thats just for starters  
Satan will be in to see me later to see if I'm interested
