[Eminem]

Peace to Thirstin Howl, A.L. and Wordsworth  
My mother smoked crack, I had a premature birth  
I'm just a nerd cursed, wit badly disturbed nerves  
Who wanna be the one to step up and get served first?  
Ninety-nine percent of aliens prefer earth  
So I'm here to rule the planet, startin wit your turf  
I hid a secret message inside of a wordsearch  
Wit smeard letters, runnin together in blurred spurts  
I hang wit male chauvinist pigs and perverts  
Who point water pistols at women and squirt shirts  
Been a bad boy since diapers and Gerber's  
My first words were "Bleep bleep" and "Curse curse"  
Never had ish, and I still don't deserve dirt  
My breath still stinks and I'm on my third Certs  
Yankin out my stitches, hollering "Nurse nurse!"  
"You said this shot would numb it, trick it just hurts worse!"  
Grew up in a dump next door to a burnt church  
But gunshots drowned out crickets and bird chirps  
And it's like that, and it's like that

[Evidence]

Got no apathy  
Yo I Platform my strategy, mix words in alchemy  
Evidence, I won't get caught shot on the balcony  
Between you and I, I'll tell you here's the diff  
Gun to your head, you're dead, pointblank I shapeshift  
That's right, to dear/deer, anelope, or owl  
In life, use your potential, or Steve Howe  
I'm about to call it quits, yo too much weight'll break  
your rack mount  
The man'll make you move, yo so make your move a  
backout  
You say I use my name too much as a clutch  
Try holdin on to beat instead of pushin on your crutch  
Flipped it backwards, Evidence attack nerds off the  
head  
Steadfast, right or left, don't matter see you comin  
Deaf/Def like Leppards, pop the piece, I be the

sheppard  
Causin the herd, the name is Ev absurd  
Verbs get flipped, it's like this, yo acronyms and all that  
Methaphor imagery, you claimin metaphors and spittin  
similies  
Not havin It, the name is Evidence  
Like Pos. K gibbin the life thinkin of stabbin it  
Skills prevail you possess, take no offense  
But don't profess lies within your mind, tempt and  
stress

[Iriscience]  
It's like uh-oh-oh  
It's Dilated Peoples on the Wake Up Show-uh-oh  
We kick a lick or some for the radio-uh-oh  
Yo CaTashTrophic like Rico \*fades out\*
