Yo yo yo

My mom sent up to the store with a food stamp
For a pack of cigarettes and a book from the news
stand(here)
Two dudes ran up and jumped out of a blue van
I looked down at the ground and picked up a huge
branch
I swung it at the first dude the other dude with him
Seen it snap so fast it looked like it broke before it hit
him
So he tried to rush i swept his legs pinned him and bit
him
He came back with 6 or 7 dudes screaming "GET HIM!"
I took one lit him on fire pinned and bit him
The next faggot gave me shoes like they didnt fit him
One by one i just kept dropin em' in a rythem
Then i woke up swingin the middle of the kitchin

(Damn... damn... damn...)
