are you afraid of a razor blade
in the shape of a spade
blood dripping from it
slice you up from the waist up
ill drag ya dead body up a mountain
to da summit
hang ya dirty ass then cut it
fallin down the mountain
you will plummet
i i i cant believe this shit
are you felling what i spit
if you cant
to bad bitch
i dont give a fuck
i aint got no luck
you fucking chicken
hear you go cluck cluck cluck
ahh freakin ahh freakin
i cant believe it
ill swing my axe
ill heave it
to ya head
you will be dead
skurred
datz all folks
i did my best to edit in the curses and curses
ha ha ha
