Yo! Turn that click off  
My music is soothing  
But its also been provin  
That it can put you in the mood to  
jump out your car while itâ€™s movin  
You been waitinâ€™ on this moment  
My sermon is like a omen  
Iâ€™m servinâ€™ Iâ€™m Erick Sermon  
I saw the window was open  
And I jumped through it

My shit if you donâ€™t get pumped to it  
I quit, hereâ€™s my rhyme book  
Go ahead and thumb through it  
And pick what you want from it  
Rummage, and find something  
you can use to jump someone  
And roll up bumpin  
Iâ€™m constantly copinâ€™ over you  
Squattinâ€™, shit has gotten to the point  
Where I ainâ€™t even writinâ€™ no more, Iâ€™m just  
jottinâ€™  
This is chicken scratch, shit is sickeninâ€™  
Iâ€™ve been kickinâ€™ ass off bullshit  
Throwaway rhymes, pick a batch  
I live for the love of rap, you crazy  
Ive made beats for Jay-Z for free  
Page me, you need a beat, you Cannabis  
Then itâ€™s Dreâ€™s fee, you Kay Slay the fees  
waved  
I stay beefinâ€™ with JD, till the day Dre 2-ways me  
That itâ€™s okay to stop blazinâ€™ him  
Oops! I put it out, I apologize now  
Itâ€™s too late G, itâ€™s on tape  
And the tape leaped, â€œSay What You Sayâ€  
mothaf-cka  
Drama King, Kay Slay, mothaf-cka, We dictate these  
mixtapes mothafucka  
Xzibit blaze little gay midget cocksucka
