[Intro: x2]

I done figured this rap shit out

I map shit out strategically

Timing is everything and that seems to be the key

To my success, it's worked for me repeatedly

Let 'em diss you first, and respond immediately

And order the mask til they want a war, don't start a war

Shit not no more, we done scared em off, there are no more

Victims to stick I'm fixin to pick some and start shit

I'm outta [repeat]

Pictures to rip and shit to throw darts at

Ain't got no more targets, shit Irv and Jeff

We done beat em to death, Benzino went deaf

There seems to just be no one left to bully

Bush is pussy

Why the fuck you think his name's Bush?

Puss is bushy

Ain't shit goin on, shit I been gettin so bored lately

I'm thinkin of doin some shit to get you to go and hate me again

To tell the truth, I liked the shit better then

Shit I could spit better, I'm bout to kick this sick shit again, look

The game just isn't the same, it's changin

Shit Dre's quittin, Jay'z quittin, now it's just gangstas just sayin the same shit

It's ancient, it's fakin

It's makin me so bored, I'mma just make a new language

Fubba you cubba cubba, yubba yub yubba yooba

Yooba can subbabick my dubbibbabick through a tooba Summaladoomalama

I'm not a human I'm a supersonic neurobonic suicidal unibomber

You think I'm a nuisance, I'm impressive I'm the new Madonna

Jeffery Dahmer left me with his legacy to carry on

A lotta talk and rumors honest whos the hottest, to be honest

Hip hop ain't been the same since Tupac moved to  
Cuba on us
