Man, look at the sky  
All the stars man, the stars is beautiful tonight  
Look at 'em

[Mya]  
Ghetto superstar, that is what you are  
Coming' from afar, reaching' for the stars  
Run away with me, to another place  
We can rely on each other, uh huh  
From one corner to another, uh huh

[Pras Michel]  
Some got, hopes and dreams  
We got, ways and mean  
The supreme dream team always up with the scheme  
From hub caps to selling' raps, name your theme  
My rise to the top, floating' on this cream  
Who than hell want to stop me, I hated those who doubt  
me  
A million refugees with unlimited warranties  
Black Cease, dating' top divas  
Diplomatic legalese, no time for a visa  
I just begun, I'm shoot them one by one  
Got five sides to me something' like a pentagon  
Strike with the forces of King Solomon  
Letting' bygone be bygone and so on and so on  
I'm teach these cats, how to live in the ghetto  
Keeping' it retro-specie from the get go  
Lay low; let my mind shine like a halo  
P-p-politic with ghetto senators on the d-low

[Mya]  
Ghetto superstar, that is what you are  
Coming' from afar, reaching' for the stars  
Run away with me, to another place  
We can rely on each other, uh huh  
From one corner to another, uh huh

[Ol' Dirty Bastard]  
My eyes is sore, been' the senator  
Behind closed doors hitting' truths to the seafloor

The rich don't know, ignore, this tug of war  
While the kids are poor open new and better drug  
stores  
So I became hardcore, couldn't take it no more  
I'm reveal everything' change the law  
I find myself, walking' the streets  
Trying' to find what's really going' on in these streets
