[Intro:]

Hello (Hello) allow me to introduce myself (myself)  
My name is Shaaady  
So nice to meet you (So nice to meet you)  
It's been a long time (long time) sorry I've been away  
so long (so long)  
My name is Shaaady  
I never meant to leave you (Never meant to leave you)

[Verse 1:]

You see that chick in the gym checking me out?  
Any second I'm bout to stick her neck in my mouth  
I lose a pill and I'm wrecklessly wrecking the house  
That was suppose to be breakfast, where the heck is it  
now?  
Here's the necklace I lost, right next to Stephanie's  
blouse  
Man I should check to see if my mom left any out  
Nope, guess I'll re-route  
Maybe somewhere in the depths of your couch  
Oh! Jackpot! Yea, 'Open Sesame' mouth  
Down the hatchet, the feeling, you can't match it  
A rap-tap-tap on your door with the damn wratchet  
A tat-tac-tac in the hall with the damn hatchet  
A nap-sack-packed with like 40-some Xanax's  
Shorty come back, I'm tryin to score me some  
lapdances  
I'm bout to relapse so maybe pour me some Jack  
Daniels  
Formula 40-40 and 40s with mad capsules  
The bad apple spoils the bunch and back at-ya

[Chorus 1:]

Well I don't mean any harm all I wanted to do is just say  
Hello  
And are you menstruating baby, my lil friend's waiting  
to say Hello  
The way your titties are wiggling and your booty shakin  
like Jello  
Girl I don't mean any harm all I wanted to do is just say  
Hello

[Verse 2:]

My equilibrium is off, must me the Lithium  
I don't need to buy any drugs, man people give me 'em  
It just becomes everyday extracurriculum  
No reason in particular, it was strictly fun  
A fifth of rum and two bottles of 151  
51 people asleep in my damn living room  
Scuse me hun? But what is your name, Vivian?  
I want up next to ya naked and uh, did we umm?  
Of course we did, but didn't I strap Jimmy hun?  
I'm looking for the torn wrapper but there don't seem to  
be one  
No offense baby girl I don't mean any harm  
But disease is something I'm trying to keep my penis  
free from  
I find the fact that you, I'm cool, I immediately run like  
Speedy Gon-  
Zalez to see if I see anyone  
Who might have a couple of threes, I'm fiending for  
some  
My head is pounding to the beat of the drum

[Chorus 2:]

Well I don't mean any harm all I wanted to do is just say  
Hello  
And do you happen to have anything on you that make  
my mood mellow?  
Some are open and some are pink, some are blue and  
some are just yellow  
Girl I don't mean any harm all I wanted to do is just say  
Hello

[Verse 3:]

Oh, those were the days, they certainly were  
It's hurtin me to know that I'll be closing that curtain for  
good  
(Word-word, chi-word-word, chi-word-chi-chi-word)  
I second that and a third, rush to emergency sur-  
-gery to try to flush me because of the drugs that he  
purged  
He's sees the loner getting the three-hundred bucks  
for these Percodin's  
Buster's getting to be where he lustfully surged it in  
Pain it hitting his knee and his muscles 'be hurtin him'  
Childishly on the phone tryin to rustle up muscle relax-  
-ants for his back and a couple of packs  
Since now he's doubling back-wards and he stumblin  
back  
Slipped and fell, hit his back-bone, heard something go  
crack  
Now he's up in the bathroom like he's busting a nap

Almost ended it that soon because of the fact  
I'm just busting my own chops while I'm bustin a rap  
Resuscitated and re-juiced so fuck it, I'm back

[Chorus 2]

And so I'm sayin...

[Outro:]

Hello (Hello) allow me to introduce myself (myself)

My name is Shaaady

So nice to meet you (So nice to meet you)

It's been a long time (long time) sorry I've been away  
so long (so long)

My name is Shaaady

I never meant to leave you (Never meant to leave you)
