Cuz I'm so horny...and your lyrics are so corny
That they bore me and I woke up too late this morning
Or too early...wait a minute there goes Shirley...
The girly I fucked last year when her hair was curly
Couldnt remember it cuz I was Infinite
And I met ken Kaniff in Connecticut
He said his predicits and pronouns and wanted to
throw down
And he said I like you...and then he walked up and said
let me snake bite
you
And I said hell no...kicked him with my shell toe...
Gave him a elbow...Ayo Proof ...go....

[Proof]

Yo it's the D to the 1 - 2
What you wanna get done to...
Your chest plate...eradicate
Get your flesh ate...easily done..Here it is...
Freestyle...no need to write shit...cuz when we write shit
Y'all like to bite shit...that why street light up when we
write stuff
It's time to be the champions at this...it's D-12
1-2 True crew...Slim Shady and Big proof
Knockin over Igloos in Alaska when we blast ya
A massacre creator, one time for data
Darker than Vader...go anybody hot as the equator
It's time to get down one time for those that dont know
us
Girls wanna blow us like Monica....Lewinsky
Come against me...

[Eminem]

Go and see I'm an invincible Mc
If you dont believe it then you wanna try to convince me
That you're doper than me...which we'll hope
You would hope to be...but hopefully I will rock globaly
And nationwide...thats why my ass is wide (wide, wide)
Thats why your ass just died on the passanger side...
Like a fuckin ride...when it got shot up by a drive by
When I drove by 5 times and gave it five tries
And still missed it
I got a fuckin mental illness a gentle stillness...
Violence...complete silence is what I need in the room
while I freestyle
What I need is to do...what is need is smoke weed and
brew
And.....smoke brew ? You don't smoke brew...
If you do I'll choke you and then I garauntee I'll out

smoke you
You're crew's a joke too and i can stick my dick in a

[Eminem]

The rhyme that I dropped is stickin up IHOP
In high tops and walking around like a one eyed
Cyclops
And you can't see me....I only got one eye and I can still
see you
You can even give it a dumb try...If you're a dumb guy

But I rock the microphone with my flyness
So get off my jock..get of my cock..when I sky rock ...it

You're so fired you're down

[Proof]

Hey....it's me...it's the hamster man...
Coming all the way from Amsterdam....
And I come to tell you all a little secret....
So you caneat ityou got to grab your crackers
{mumbling}

[Eminem]

In your motherfuckin dick and your clit...you little pussy
