That they bore me and I woke up too late this morning  
Or too early...wait a minute there goes Shirley...  
The girly I fucked last year when her hair was curly  
Couldnt remember it cuz I was Infinite  
And I met ken Kaniff in Connecticut  
He said his predicits and pronouns and wanted to  
throw down  
And he said I like you...and then he walked up and said  
let me snake bite  
you  
And I said hell no...kicked him with my shell toe...  
Gave him a elbow...Ayo Proof ...go....

That you're doper than me...which we'll hope  
You would hope to be....but hopefully I will rock globaly  
And nationwide...thats why my ass is wide  
Thats why your ass just died on the passanger side...  
Like a fuckin ride...when it got shot up by a drive by  
When I drove by 5 times and gave it five tries  
And still missed it  
I got a fuckin mental illness a gentle stillness...  
Violence...complete silence is what I need in the room  
while I freestyle  
What I need is to do...what is need is smoke weed and
