\*\*\*\*\*'s don't believe it  
'till they see it's out,  
Stupid motherfuckers wanna take a scenic route  
Now the heaters out,  
bitches scream like i pulled my penis out  
Beggin' me to put that big motherfucker away,  
But the demons out  
Everybody on the floor,  
Come out of that mink,  
Come out of them diamonds  
And you come out of that valuer  
Party is over, shut the fuck down,  
Cut the music, matter of fact turn it back it up,  
Shit i can use it  
I need the noise,  
In case i have to let a couple off,  
Saw another icy chain,  
Walked over an tugged it off  
Gimme that buttersoft,  
They say she buyin' out the bar,  
You can buy my drinks for today an tomorrow  
I'm out for the paper,  
My homie better hide them jewels,  
I'm in the game starvin' an i playin' by the rules

Robbin, shootin', killin'  
Murder (Murder, murdeeeeerrrr)  
Robbin, shootin', killin'
