My Natural Habitat;

Aiyo this is me in my natural habitat  
Am I underground, or am I just a spoiled brat  
I drink a litre of tylenol  
Petrol is what runs my role, no ethanol  
Fuckit

Giving it a 110% but luckily I ain't gotta pay the rent  
School goes on  
Switching your mind thoughts on  
English German they're all the same  
Gotta do homework everyday but hey  
It's ok cuz in your life it clears a way which you can take  
Without having to fake a diploma  
And end up in a coma  
Cuz you couldn't pay the dealerâ€¦nothing can get  
realer  
Cheaper, unless you become a keeper for some ice-  
hockey team in the NHL  
Cuz that will tell you that everything will get well  
That you won't need to sell your wife to get away from  
the knife  
I remember when I was younger and funner  
But I was no good runner, I could scream like thunder,  
my neighbour was a hunter  
Hunting, blunting, that's a fun thing  
yeh really it is

Aiyo this is me in my natural habitat  
Shoot your grandma cuz she looks like a cat  
I drink a litre of tylenol  
Petrol is what runs my role, no ethanol  
Fuckit

Bling bling, I'm tired of everything  
Ding dong I sing a song for this chick wearing a thong  
I wanna stay alive, I wanna survive and I wanna  
perform live  
I need time  
To heal cuz there's no chance that I will kneel down like

a clown and frown  
It's time to cheer, not shed a tear but I fear that death  
is coming near  
I can hear it from the rear, I can see it clear  
I got support from my friends  
But everything tends to send me to court  
I lock myself in my fort it's the kinda sort that send me  
a package of Blends  
To my porch lighting a torch to see the world I envy  
Everything can be nothing to see this is me

Aiyo this is me in my natural habitat  
Shoot your grandma cuz she looks like a cat  
I drink a litre of tylenol  
Petrol is what runs my role, no ethanol  
Fuckit

I will tell you about what runs my life  
It's the hate, and the rate of thoughts  
Living on tequila shots and cuttin myself wit knives  
My brain dives into a nothingness  
A bottomless hole  
Filled with pain and sorrow  
No time to borrow a rhyme to make things aight  
Cuz it's pointless  
Timeless  
I'm tired of this  
I wanna be famous  
And entertainous  
All I see is pain  
And all I feel is rain  
Hitting my overheated brain  
This is insane  
How can one person make you feel like this  
Make you just wanna diss  
And give another one a fake kiss  
I approve with this wrist  
And remove my foolish pulse  
That beats for nothing  
At least now you'll have something  
To think about  
This will be the last time you hurt me, cuz I hurt myself  
Then I shout  
Fall to the ground  
Now things will turn around  
Will I maybe be happy now  
I bow to thee  
The mistress of depressed horror  
I'm infested, not the least bit interested  
In life  
This is what will happen now

I will pull out this mag  
And aim it toward my head  
I will say that you're a fag  
Then I'm dead  
Will anyone miss me  
Or is the world so full with greed  
That people try to keep what I twirled

Aiyo this is me in my natural habitat  
Am I underground, or am I just a spoiled brat  
I drink a litre of tylenol  
Petrol is what runs my role, no ethanol  
Fuckit  
Natural Habitat continues until music fades
