[Chorus]

I'm about to lose my mind
You've been gone for so long
I'm running out of time
I need a doctor
Call me a doctor
I need a doctor, doctor
To bring me back to life

[Eminem]

I told the world one day I would pay it back
Say it on tape, and lay it, record it
So that one day I could play it back
But I don't even know if I would leave it when I'm saying
that
Ya'll startin' to creep in, everyday it's just so grey and
black
Hope I just need a ray of that
Cause no one sees my vision when I play it for 'em
They just say its wack
But they don't know what dope is
And I don't know if I was awake or asleep
When I wrote this,
All I know is you came to me when I was at my lowest
You picked me up, breeding life in me
I owe my life to you
Before the life of me, I don't see why you don't see like
I do
But it just dawned on me you lost a son
See this light in you, it's dark. Let me turn on the lights
and brighten me and enlighten you
I don't think you realize what you mean to me
Not the slightest clue
Cause me and you were like a crew
I was like your sidekick
You gone either wanna fight me when I get off this
fucking mic
Or you gone hug me
But I'm out of options, there's nothing else I can do
cause...

[Chorus]

I'm about to lose my mind
You've been gone for so long
I'm running out of time
I need a doctor
Call me a doctor
I need a doctor, doctor
To bring me back to life

[Eminem]

It hurts when I see you struggle
You come to me with ideas
You say they're pieces so I'm puzzled
Cause the shit I hear is crazy
But you're either getting lazy or you don't believe in
you no more
Seems like your own opinions, not one you can form
Can't make a decision, you keep questioning yourself
Second guessing and it's almost like your begging for
my help
Like I'm your leader
You're supposed to fucking be my mentor
I can endure no more,
I demand you remember who you are
It was YOU, who believed in me

When everyone was telling you don't sign me
Everyone at the fucking label, let's tell the truth
You risked your career for me
I know it as well as you
Nobody wanted to f-ck with the white boy tramp, crying
in this booth
You saved my life, now maybe it's my time to save
yours
But I can never repay you what you did for me is way
more
But I ain't giving up faith and you ain't giving up on me
Get up Dre, I'm dying I need you, come back for fuck's
sake

[Chorus]

I'm about to lose my mind
You've been gone for so long
I'm running out of time
I need a doctor
Call me a doctor
I need a doctor, doctor
To bring me back to life
Bring me back to life
Bring me back to life
I need a doctor, doctor
To bring me back to life

[Dr. Dre]
It literally feels like a lifetime ago
But I still remember the shit like it was just yesterday
though
You walked in, yellow jump suit
Whole room, cracked jokes
Once you got inside the booth, told you, like smoke
Went through friends, some of them I put on
But they just left, they said they was riding to the death
of it
But where the fuck are they now
Now that I need them
I don't see none of them, all I see is Slim
Fuck all you fair-weather friends
All I need is him
Fucking backstabbers
When the chips were down you just laughed at us
Now you bout to feel the fucking wrath of Aftermath,
faggots
You gone see us in our lab jackets and ask us where
the f-ck we been?
You can kiss my indecisive ass crack
Maggots and the cracker's ass
Little crackerjack beat making wack math,
Backwards producers, I'm back bastards
One more CD and then I'm packing up my bags and as
I'm leaving again
I'll guarantee they'll scream "Dre don't leave us like
that man!" cause...
[Chorus]
I'm about to lose my mind
You've been gone for so long
I'm running out of time
I need a doctor
Call me a doctor
I need a doctor, doctor
To bring me back to life
Bring me back to life
Bring me back to life
