I done figured this rap shit out  
I map shit out strategically  
timing is everything and that seems to be the key  
to my success it's worked for me repeatedly  
let them diss you first and respond immediately  
in order to master the art of war  
don't start a war  
shit not no more

victims to sic

to bully

I'm thinking of doing some shit  
to get you to go and hate me again  
tell the truth  
I liked the shit better then  
shit I could spit better  
I'm about to kick this sick shit again look  
the game just isn't the same it's changing  
shit Dre's quitting  
Jay's quitting  
now it's just wanksta  
they're saying the same shit
