or need a chainsaw correction :) (corrections in \*'s)

[Intro]

Aw man, yea

You ever be in the club man, you get in a fight

And people that you don't even know jump in?

[Verse 1]

You feel like you wanna hit something, your fist  
clenches, your pissed

You just wanna get someone with shit, jump em ??

You're bout to get your shit pushed in, I'm just inches  
away

I'm splitting your shit wide open, no stitches could save

So die with your eyes open, you hope this isn't the way

You end up going out, but I guess it just is I'm afraid

Razors, scissors and blades make Jason say isn't this  
great

On-lookers participate in this ass-kicking debate

They're starting to take place in the middle of the  
street

Little did you know there'd be an all-out brawl soon as  
you heard this beat

Emergency personnel rush to the murder scene, but its  
too late

It's absolute pandemonium, whisked away

In a ambulance is your fate, nothing nobody told you  
when you-

Left your house today coulda made you anticipate

Such an ass whooping, okay, til the anger dissipates

You get punched in the face, reciprocate

[Chorus x2]

So what the deal, ridaz?

Would you excuse me while I feel my nuts?

My balls are feeling a-mighty big now

I might just have to dig down and pull em through my  
britches

I said...

[Verse 2]

You step in the place with enough misplaced anger to  
catch a case  
Anxious to get in some shit, got your gangstas all with  
your ladies  
You better go get your mace cuz shady said so  
You may wanna pick up the radio and bang it against  
your face  
That's how fucking rowdy you feel, now do you still  
wanna grill?  
If you don't wanna get the shit beat outta you, chill  
Cuz if you doubt me you will, yea got me a pill, found  
me a thrill  
I got a couple of drinks here and I'm bound to refill

Girl howdy, how do you feel ma?  
This cocksucker did not spill my drink, Oh HELL no  
He must be tryna kill my buzz, I will not budge  
And what the deal ridaz?  
Now here they all come and they got your back in like 2  
seconds flat  
That's probably a record yea, you wasn't expecting that

Cuz they want in on the act, there's a cognac-  
Bottle, we snuck it in cuz the beer that they were  
serving here was only tap  
I'm biting, I fight dirty, you might get kicked in the nuts  
You're frightened like this guy might hurt me  
You're quite certain he's nuts, I've hit myself in the face  
harder  
Play smarter,\*\*or\*\* you may start a \*\*\*ROPE\*\*\* or  
need a chainsaw to Dig your way out of, go powder  
your nose-  
Pussy the harder you yell, the harder I slap the shit out  
of you hoes  
You set it off faggot, so now how do you spouse-  
We settle it, hit me in the nose, we'll see how it goes

[Chorus x2]

It's shear hustle, I bob, weave, deflate your beer  
muscles  
We're tussling, the crowd's starting to cheer us  
And adrenaline's rushing through us just like a geyser  
gushing  
Too much Budweiser in my blood, I'm strangling your  
windpipe  
And ?? my signatures, ligature marks  
Look at you all big with your remarks, and I swing an  
icepick at your heart  
At least that's what it feels like when I pick you apart  
And dig at you and break you down like the bitch that

you are  
The predicament starts when I throw a brick at your car  
The pain inflicted upon you, it's so sick, it's bizarre  
Shit, this is almost ridiculous, addictive as far  
As having me wanna rip out your frickin ligaments  
ARGH!  
You hit like a bitch, you scratch me with your nails, for  
that-  
You catch an open-hand slap, break off your nail like  
BAP!  
In fact, I'll have the crowd smacking you themselves  
Where's D12, I don't feel like doing this by myself

[Chorus x2]
