Long as it's money envolved, niggaz'll tussle together

Long as the hustle's a hustle, the green is green

White is white, nigga we buyin if the price is right

So (*scratch*) drop the mics

Everything's on cock, from the shots to the dice

We are not into hype

You can't say we can't work

Either we some plant workers or we some niggaz that
plant work
("What") Detroit bitches is bout it
You can just ask any one of ya niggaz that visit about it
Any Seven Mile bitch know how to get rich
She'll fuck you till you sleep PLUS lie to ya bitch
PLUS she'll suck and swallow up outta ya dick
And she'll keep a sugar daddy that'll buy her some

to produce, here we are.."

[Royce Da 5'9"]

Looted casinos, car shuffles, numbers to bet
Disrespect and get a new smile under ya neck
A city full of thug-ass niggaz, and punk-rockers
Alotta niggaz act like Pac so cops watch 'em
And shot blocks up in the black or the light Timbs
White boys, look, act, and rap like Slim ("Hi!")
Fight Music, knife users never respect it
Guns talk (*scratch*) high schools with metal detectors
A city full of Tommy Hearn's thumpers
Grant Hill hoopers, Barry Sanders runners, stunners
Chaldeans wit weed connects like whoa!
Type of weed, no need to test like 'dro
Type of cats who got dough, they like ("So!")
You real, then you might go.. (Where?)
