I don't know, man, just feels like we're a lot different  
Kinda feels like we're on a whole different page right  
now  
It feels strange but um, I guess it's kind of like, it's kind  
of like

I feel like I'm morphin' into somethin'  
That's so incredible that I'm dwarfin'  
All competitors better get your girlfriend in check  
It's psychological warfare, endorphin's I effect

Your self-esteem shatters as dialect  
Comes blatin' out your deck, she loves me  
Such a passion, you'd expect this sort of reaction  
From her yet

You strong arm, you're fuckin' corny  
You try to turn your charm on  
'Cause you just think you're Bishop, The Don Juan  
But if you think that you're fuckin' with me, homie,  
you're on one

I'm cockin' my head back like Ed Lover, c'mon on, son  
She's on my Johnson, she brings my name up constant  
Your boys are like, "She's fuckin' with dude, she wants  
some"  
Homeboy, you better get a clue, she's on my dick  
'Cause she I spit better than you

What you expect her to do?  
How you expect her to act in the sack  
When she's closin' her eyes  
Fantasizin' her diggin' her nails in my back to this track

Seduction, seduce  
Ain't nobody who's as good at what I do  
(It's like a verbal seduction)  
'Cause one minute she loves you, the next she don't  
She's been stolen from you  
(It's like a verbal seduction)

Seduction, seduce

Ain't nobody who's as good at what I do  
'Cause one minute she loves you, the next she don't  
She's been stolen from you  
(It's like a verbal seduction, yeah)

She's sittin' here gettin' liquored up at the bar  
She says it's quicker to count the things that ain't  
wrong with you  
Than to count the things that are  
There's a seven disc CD changer in her car  
And I'm in every single slot and you're not, aw

I'm the logo on that Dallas Cowboys helmet, a star  
And I'm not about to sit back and just keep rhymin' one  
syllable, nah  
Switch it up and watch them haters not give it up  
'Cause they're just not good enough but I'm not givin'  
up

'Til I get my respect and I won't stop 'til I get enough  
'Cause I'm not livin' up to my own expectations, aw  
That hater alarm is soundin' off, man  
Obama took the bomb from my name, aw

So quit cryin' that I took your dame, homie, she's my  
dame, aw  
You sadly mistaken if you're thinkin' that I'm not on my  
game, boy  
And thangs just ain't been that same since that day  
that I came forth  
You wear your heart on your sleeve, I sport that white  
tank boy  
But you got a hard-on for me, what you hollerin' my  
name for?  
It's your bitch on my dick ain't my dang fault, man, I  
can't call it

Seduction, seduce  
Ain't nobody who's as good at what I do  
(It's like a verbal seduction)  
'Cause one minute she loves you, the next she don't  
She's been stolen from you  
(It's like a verbal seduction)

Seduction, seduce  
Ain't nobody who's as good at what I do  
'Cause one minute she loves you, the next she don't  
She's been stolen from you  
(It's like a verbal seduction, yeah)

It's like we're playin' lyrical tug-a-war with your ear

You hear it, girl, come here  
Put your ear up to the speaker, dear  
While I freak this world premier

Seducin' her, loosen up with a little freestyle that'll wait,  
am I losin' ya?  
Am I makin' you look bad? Well, I got news for ya  
Homie, you're losin' her  
Oh wait, you don't like it when I spit it fast, am I tryin' to  
show out?  
Let me slow it down some

It's still gonna be a blow out  
You're gonna wanna throw out your whole album  
Rummage through the shit and try to salvage  
somethin' to see  
If you can save any of it, punk but none of it's fuckin'  
with me

Prick, you really feelin' that bullshit  
You think you're killin' them syllables? Quit  
Playin' these beats ain't nothin' to fool with  
They call me Fire Mashall, I shut this shit down  
Your entire arsenal is not enough to fuck with one  
round

I am also the opposite of what you are like  
You're a microcosm of what the fuck I am on the mic  
I am awesome and you are just awestruck  
She's love stricken, she's got her jaw stuck  
From suckin' my dick, aw, fuck

Seduction, seduce  
Ain't nobody who's as good at what I do  
(It's like a verbal seduction)  
'Cause one minute she loves you, the next she don't  
She's been stolen from you  
(It's like a verbal seduction)

Seduction, seduce  
Ain't nobody who's as good at what I do  
'Cause one minute she loves you, the next she don't  
She's been stolen from you  
(It's like a verbal seduction, yeah)
