Yeah

I'm Tryin to catch me sumthin

I'ma catch you sumthin

[Chorus]

Nigga that watch is nice

That's what you bought from me

That chain is nice

That's what you bought from me

Them earrings is nice

That's what you bought from me?

Take that shit off,

Move I'll break you off properly

I get mine the fast way,

Ski mask way

Make money

Make money, money, money

Nigga if you ask me

It's the only way

Take money

Take money, money, money

[Verse 1]

You wanna spray at me? Go head

The last nigga that tried

Got hit, keeled over, and bled 'til he died

Ya little sister callin you stupid

Reason why?

Her and ya momma in the livin room now hog-tied

I came up wit two new ways to get rich I cant wait

Got a brand new cig

And that old thirty eight

I be scheming to put a lil' bread on my plate

Watchin Dre serve skunk

Through the hole in the gate

I stick a nigga for his shine

Sell em' back the next day

You thought I really wanted ya pussy

Bitch please

This is stash house, jack pot,

Leave her them keys  
My black g-unit hoody just reek of marijuana  
Cocaine comin out my pores in the sauna  
Im serious man  
I'm so sincere  
This the flow right here  
That fucked up Jeffery's career  
Make money, take money  
Yeah nigga yeah

[Chorus]

Nigga that watch is nice  
That's what you bought from me  
That chain is nice  
That's what you bought from me  
Them earrings is nice  
That's what you bought from me?  
Take that shit off,  
Move I'll break you off properly

I get mine the fast way, ski mask way  
Make money  
Make money, money, money  
Nigga if you ask me  
It's the only way  
Take money  
Take money, money, money

[Verse 2]

Whos dat peepin in my window  
Wow  
The feds on me now  
They know when im sleepin  
They know when im wake  
I know they got my phone taped  
Im screamin fuck jake  
Im tryin to stay out them pens,  
So I switched states  
Bad news V-A now that sounds great  
I see niggas wit that ice on, rims shined up  
This towns one big pussy waitin to get fucked  
I holla at A-I peoples to get gats  
They charged me 500 a piece for two macs  
Then im back doin me  
Im back out on a spree  
Catch me n' niggas slippin out pumpin dat D  
Give me a lil' crew I'll have em' pumpin for me  
The more product I take the more paper we see  
Change my name in N-Y they don't know where I be

Yeah a nigga doin dirt but a nigga low key

[Chorus]

Nigga that watch is nice  
That's what you bought from me  
That chain is nice  
That's what you bought from me  
Them earrings is nice  
That's what you bought from me?  
Take that shit off,  
Move I'll break you off properly

I get mine the fast way, ski mask way  
Make money  
Make money, money, money  
Nigga if you ask me  
It's the only way  
Take money
