Uh, Zee

I got waiting haze, my customers ho's, sleep with me
We have small beef, I still sell them O's for three fifty
They know in big beef, I pop a hundred times
Be like roadkill, I live nigga's brains on one and nines
And my down bitches, they be ready to kill
I be like chill, they be like

That's my nigga for real
(Yeah, uh huh, I'm from the Bricks, we be like)
That's my nigga for real
(Yeah, Young Zee, all my niggas from the hood, they
be like)
That's my nigga for real
(Yeah, B-Boy, you my nigga, talk to 'em)

Yo, I don't give a fuck if we don't sell a record
We still gon' get this money in the Bricks
Spill it, Zee

Yeah, uh, yeah, yeah
I'm like Santa Claus, I deliver niggas grams a raw
Straight from Panama, fiends eat it up like canavaugh
And my dimes disappear like magic wands

I sell 'em 'til the crack of dawn and destroy every track
I'm on
Plus I have a clam packed in the back of vans
More royal than the Taliban murk you for a half a gram
(What?)
I get B-Boy to drop your truck in the river
Fuck some dough, we be like

That's my nigga for real
(Yeah, uh huh, I'm from the Bricks, we be like)
That's my nigga for real
(Yeah, Young Zee, all my niggas from the hood, they
be like)
That's my nigga for real
(Yeah, B-Boy, you my nigga, talk to 'em)

Yeah, jeah, uh-huh-ha, yeah

Scarecrow

(What?)

I'm trying to walk before I crawl

I want it all ever since I came out of my mama's walls

I'm trying to make so much dough when I write a song

I can write 'em all, why y'all clique on the corner selling
final calls

Yeah, niggas mad at us, gladiators like Maximas, we
fabulous

While you fall off like Canibus's managers

My man Dee U, keep the nina peelin'

(Point 'em out and watch me)

That's my nigga for real

(Yeah, uh huh, I'm from the Bricks, we be like)

That's my nigga for real

(Yeah, Young Zee, all my niggas from the hood, they
be like)

That's my nigga for real

(Yeah, B-Boy, you my nigga, talk to 'em)

Zee need Buddha, E-user, beef pre Lugers

Spittin' from our PT cruisers

My tape don't drop, I still got dough to make

Got little niggas on roller skates holding my coke and
weight

Blow paper, ho chaser, dough raiser, Joe Fraizer

Sixteen cellys and four pagers

Go hype up your squad that they might fuck with ours

I just light up cigars, go by bikes, trucks and cars

I got (unverified) in Atlanta deep 'round the street, ten
grand a week

I give 'em one word to put your man to sleep

And I love my Jersey live bitches

They'll leave a nigga face with thirty five stitches

They'll help my tie cinder blocks and push your kids

So deep in the ocean, they'll see where octopuses live

Jeah, this label deal is for Raz, Pace and Chill

I know mad chicks but still

That's my nigga for real

(Yeah, uh huh, I'm from the Bricks, we be like)

That's my nigga for real

(Yeah, Young Zee, all my niggas from the hood, they
be like)

That's my nigga for real

(Yeah, B-Boy, you my nigga, talk to 'em)

What, Bricks
(Bricks, Bricks)
