Look

If you had one shot one opportunity  
to seize everything you ever wanted  
one moment would you capture it  
or just let it slip

Yo

his palms are sweaty knees weak arms are heavy  
Theres vomit on his sweater already  
moms spaghetti  
hes nervous  
but on the surface hes looks calm and ready  
to drop bombs but he keeps on forgetting  
what he wrote down a whole crowd ohh so loud  
he opens his mouth but the words wont come out  
hes choking how everybodys choking now  
the clocks run out time up over plow

snap back to reality  
ohh there goes gravity  
ohh there goes gravity  
choke he's so mad that he wont  
give up that is he no he wont have it  
he knows his soul back to these ropes  
it dont matter hes dope  
and knows thats hes broke  
hes so stacked that he knows  
and he goes back to this mobile home  
thats when its back to the lab again  
yo its soul rapsidy better go gaps in this moment  
and hope it dont collapse

you better lose yourself in the music  
the moment you own it  
you better never let it go  
you only get one shot  
do not miss your chance to glow  
its like comes one in a lifetime  
you better...

you better lose yourself in the music

the moment you own it  
you better never let it go  
you only get one shot  
do not miss your chance to glow  
its like tumor? comes one in a lifetime  
you better...

souls escaping through this hole that is gaping  
this world is mine for the taking  
make me king as we move towrd a new world order  
a normal life is boring  
this superstardoms close to post mordom  
it only grows harder  
it only grows hotter  
he only blows us all over  
these homes is ona  
coast to coast shows  
he's knows as the globe trotter

THIS IS ONLY THE FIRST HALF. SOMEONE FIX IT AND  
FINISH THE REST
