Intro - Eminem]

Hey yo dawg

I got some shit on my motherfuckin chest that

Will explode, or somethin

Now look - this is a story about

some little sexy girls that I know

It goes like this..

[Verse 1]

It's so easy for me to make enemies any more it's  
sickening

People are lookin for an excuse to jump on my shitlist

Stickin their noses in shit that isn't none of their

business

I never asked, cared, gave a dam, or wanted opinions

Now I'm in the position that, I don't wanna be in - shit

I never had no beef with your horny son of a bitches

But now the shit is broke and you can't do nothin to fix

it

So I'm tellin you right now - motherDicka Limp Bizkit

Now I'ma be real, B-Real was real

He ain't say shit the whole time me and Whitey was

beefin, see he chill

He was cool with the whole situation and kept it neutral

I'd have never involved my crew if it wasn't for Pupils

Peoples, whatever your backpackin cypherin name is

Had I not opened a magazine and seen what you sayin

and

I'da never involved you, but you had to add your two

pennies

Now I gotta go grab my shitlist and add some new

enemies

Hit the studio and I'll admit, I had a few in me

Fuck it, I roasted you, I ain't mad at you any

But let it be known that song was never released, it

leaked

I'da never gave you that much attention intentionally

Then I look on the TV, now look who's mentionin me

That little fuckin weasel, DJ Lethal, on MTV

After I gave you props in that song, you on national TV

Talkin bout Everlast is gonna whip my ass when he

sees me?

Come on dawg, you was supposed to be on that song  
Talkin bout how bad you hate him, now you all on his  
thong?

What's wrong? You scared, and Fred, you said you was  
dissin him too

I shoulda knew better than to listen to you

You fuckin sissy, up on stage, screamin how people  
hate you

They don't hate you

They just think you're corny since Christina played you  
And how dare you motherfuckers that try to diss me  
back

That's a sissy act, and don't call me kissin my ass  
Cause I swear to God this ain't just a song I'm tryin to  
pre-warn you

Lethal when I fuckin see you dawg I'm swingin on you!  
Motherfuckers must think cause I'm in trouble with the  
law

that I won't jaw 'em, up my sentence and double it  
tomorrow

[Chorus]

Y'all some - girrrrls - y'all are some god damn girls  
Why do you act this way? - Why do you act this way  
huh?

Why do y'all act like fuckin sissies you pussies  
keep talkin shit behind my back you just some bitches  
for that

And we all knowwww - we all know, hah  
How fuckin cowards rollll - "keep rollin rollin rollin"  
In-fuckin-dent me's and pretend to be down  
But as soon as someone calls you out  
You put your tail between your legs and bow downwn

[Hook]

Now I don't ask nobody to share my beliefs, to be  
involved in my beefs

I'm a man, I can stand on my feet

So if you don't wanna be in 'em all I ask

is that you don't open your mouth with an opinion  
and I won't put you in 'em

Cuz I don't ask nobody to share my beliefs, to be  
involved in my beefs

I'm a man, I can stand on my feet

So if you don't wanna be in 'em all I ask

is that you don't open your mouth with an opinion  
and I won't put you in 'em

[Verse 2]

Now see if you diss me and I respond, the beef is on

But if I help you sell one record  
and I see you at a show, I'll strip you naked  
See I was smart, I came back and scooped up my  
friends  
Now I got five dawgs that'll die for me like I'll die for  
them  
I'll fight for them, swing or shoot like I fight for Kim  
All of 'em been with me through this fucked up life that  
I'm in  
That goes for all of my dogs, from Royce to Dre  
From Xzibit to Mel-Man, 'til I'm hoist away  
in my coffin I'll never soften no matter how often I'm  
tested  
I'll never give a fuck, I won't never be interested  
Love me or hate me as much as Fred wants to be hated  
I will solemnly stand by every statement I stated  
This shit that I been through my pencil never could  
pencil  
But I will never be this gullible ever again no (nope)  
Next time I'll know when someone's copyin off me  
I'm not bein cocky, I just know when somebody's  
mockin me  
I stick up my middle finger, he sticks up his finger  
(hey!)  
I say "Fuck Christina" he says "Fuck Christina" but  
meaner  
So from doin a song with Method to beggin to get  
accepted  
I'm peggin Fred with the bottle of dye that he bleached  
his head with  
And as for Lethal, don't forget what I said  
I'm fuckin you up punk, you're dead! Don't think that  
I'm playin  
And fuck BIZKIT! Cause I know you're sayin fuck D-12  
Only not to our face, under your breath, to yourselves

[Chorus]

You little - girrrrls - motherfuckin females  
Why do you act this way? - Why do y'all act this way  
huh?  
Why do y'all act like fuckin sissies you pussies  
keep talkin shit behind my back you just some bitches  
for that  
And we all knowwww - now we all know the truth  
How fuckin cowards rolIII - "keep rollin rollin rollin"  
In-fuckin-dent me's and pretend to be down  
But as soon as someone calls you out  
You put your tail between your legs and bow dowwn

[Hook]

Now I don't ask nobody to share my beliefs, to be

involved in my beefs  
I'm a man, I can stand on my feet  
So if you don't wanna be in 'em all I ask  
is that you don't open your mouth with an opinion  
and I won't put you in 'em  
Cuz I don't ask nobody to share my beliefs, to be  
involved in my beefs  
I'm a man, I can stand on my feet  
So if you don't wanna be in 'em all I ask  
is that you don't open your mouth with an opinion  
and I won't put you in it

[Outro]

And that's it, that's all there is to it dawg  
If you didn't wanna do the fuckin song  
don't say you're down with doin the fuckin song  
and then back out at the last minute  
And then go on motherfuckin MTV talkin about  
Everlast can whip my motherfuckin ass  
If you're scared of Whitey Ford dog  
just say you're scared of Whitey Ford, that's it  
That's all you had to fuckin say, I wouldn'ta said shit  
I woulda backed off, did the motherfuckin song myself  
and not put you motherfuckers in it, that's all  
Now I ain't even on no rap shit no more  
I'm on some fuckin-you-up shit when I see you  
And I will see you too; oh, and by the way Fred  
That wasn't an accident  
I didn't mean to give you a play at the Music Awards  
Haha..
