I'm in the zone  
don't feel like stayin' home  
cuz for now i don't wanna be alone  
im feelin like it's my day  
there's no better time to party than a friday  
pick out my clothes call my friends  
pop some dro, now let's begin

[chorus]

wentin' out gettin' out not stayin' in the house  
call my friends made some plans  
findin' out what time the party begins  
hangin' out for the weekend  
get out the crib have some fun  
enjoy yourself live for once  
cuz you'll never ever know when your time is up  
so you got to live it up

now it's about  
10 o'clock  
before i leave i so many other rocks  
but im'a vic you see, so fitted jeans  
no make up just a little vaseline  
i'm feelin fresh, i'm feelin clean  
grab my cds so i can blast it through the streets  
pick up my homegirls a cop a touch  
get it twisted while we're on the way to the club

[chorus]

live you life  
with absolutely no regrets  
no need for contemplating death  
cuz you'll look back and miss everything that you have  
and  
party for the night, do what you gotta do  
if you need some encouragement i aint even had a  
chew  
do whats right and know that everything will be alright  
it'll be alright  
celebrate life, celebrate hustlin'

pop some mo' for all the money doublin'  
all my ladies that stick to the rug in this,  
smoke some drugs with castle state thuggin it  
it's our life we gon' live it up  
party all night till we see the sun comin up  
celebrate the weekend  
dont forget we gon' celebrate every single day that we  
breathin'
