Chorus:

[Skam]

Yo, I'm tryin' to be the man of the day  
Three six five a year  
See the bullshit you sayin', Skam ain't tryin' to hear  
(Fuck that!)  
Bustin' lyrics in the air  
Keepin' some up in the chamber

[Eminem]

Yo Skam, what the fuck you doin'?

[Skam]

Man, I'm releasin anger!

[Eminem]

I'm tryin' to be the illest of the day  
Three six five a year  
See that bullshit you sayin', Shady ain't tryin' to hear  
Spittin' lyrics in your ear  
Keepin' some up in the chamber

[Skam]

Aiyyo Shady what the fuck you doin'?

[Shady]

I'm releasin anger!

[Skam]

Man I'm tired of bein' tired, everytime I wake up  
Tired of these fake ducks, tired of bein' late for the bus  
Tired of all be blendin', and endin' up datin sluts  
So my facial expression stay stuck up, and shut the  
fuck up!  
To the pity ass rappers, that ain't shit with out make-up,  
wake up  
Gold diggin' bitches, the buck stops here  
The road to riches is closed for repair  
So if the shoe ain't fittin, girl leave that shit alone  
You aint Erykah Badu, what I look like Tyrone?  
I rip your tissue out your ear  
Spittin' like I don't care

My hair look like I ain't come it, shit a damn near year  
So I burn, zig-zag, I leave the next man with his heels  
up  
Brain dead, and be reincarnated at a speed bump  
When we done we stay hard, so you don't land shit  
Suck Skam's dick, off of what a dead man spit  
Yo that's it, I don't plan shit, you know how we go down  
They need to slow down, and take a look who the hoe  
now  
At every industry party, gettin' so damn drunk  
Can't remember the lass ass you kissed, or dick you  
sucked  
Remind me of my ex, in the street got me veck  
Tryin' to roll up on Miami, leavin' with a broke neck  
Oh shit, leathal lyric equal land mind  
I be stackin' up white rappers like im throwin' gas signs  
And I'm, buck wild exposin the plain truth  
You couldn't mess with me, fuckin' shit up in the same  
room  
Hey you, I don't know you but fuck it, let me get a dollar  
For this bad car, that go along with the breath  
Some show the mad bomb, and steal the show like a  
theft  
Cause in Miami, the baby jammin like three up in the  
chamber  
(Yo Skam what the fuck you doin?)

Chorus

[Eminem]

Some people say I'm strange, I tell them ain't shit  
change  
I'm still the same lame asshole with a different name  
Became late to the last show with a different dane  
Brain ate from the last "O" that I snifed off caine  
You know you're spaced the fuck out like George Lucas  
When your puke is turnin' to yellowish-orange mucus  
So when I grab a pencil and squeeze it between fingers  
I'm not a rapper, I'm a demon who speaks English  
Freak genius, too extreme for the weak and squeamish  
Burn you alive till you screamin' to be extinguished  
Cause when I drop the science, motherfuckers tell me  
to stop the violence  
Start a fire and block the hydrants  
I'm just a mean person, you never seen worse than  
So when Slim gets this M-16 burstin'  
You gettin' spun backwards like every word of obscene  
cursin  
On the B-side of my first single with the clean version  
Stoppin your short life while you're still a teen virgin  
Unless you get a kidney specialist and a spleen

surgeon  
In the best hospital possible for emergency surgery  
To try to stop the blood from your ruptured sternum  
internally  
I'll take it back before we knew each other's name  
Run in a ultrasound and snatch you out your mothers  
frame  
I'll take it further back than that  
Back to Lovers' lane, to the night you were thought of,  
and  
Cock-block your father's game  
I'll plead the fifth like my jaws were muzzled  
So suck my dick while I take a shit and do this  
crossword puzzle  
And when I'm down with ten seconds left in the whole  
bout  
I'ma throw a head-butt so hard, I'll knock us both out

Chorus
