(Go left, go left, go left right left)  
'Cause sometimes you just feel tired  
You feel weak and when you feel weak  
(Go left, go left, go left right left)  
You feel like you wanna just give up  
But you gotta search within you  
(Go left, go left, go left right left)  
You gotta find that inner strength  
And just pull that shit out of you  
And get that motivation to not give up  
(Go left, go left, go left right left)  
And not be a quitter  
No matter how bad you wanna just fall flat on your face  
and collapse

Till I collapse I'm spillin' these raps long as you feel 'em  
Till the day that I drop you'll never say that I'm not killin'  
them  
'Cause when I am not then I am stop pinnin' them  
And I am not hip hop and I'm just not Eminem  
Subliminal thoughts when I'm stop sendin' them  
Women are caught in webs, spin and hawk venom  
Adrenaline shots of Penicillin could not get the illin' to  
stop  
Amoxicilin is just not real enough  
The criminal cop killin' hip hop fillin' minimal swap  
To cop millions of pac listeners  
Your comin' with me, feel it or not you're gonna fear it  
Like I showed you the spirit of God lives in us  
You hear it a lot, lyrics the shock is it a miracle  
Or am I just a product of pop fizzin' up  
For shizzle my whizzle this is the plot listen up  
You pizzles forgot slizzle does not give a fuck

Till the roof comes off, till the lights go out  
Till my legs give out, can't shut my mouth  
Till the smoke clears out and my high wear out  
I'ma rip this shit till my bone collapse  
(Until the roof, until the roof)  
Till the roof comes off, till the lights go out  
(The roof comes off, the roof comes off)  
Till my legs give out, can't shut my mouth

(Until my legs, until my legs)  
Till the smoke clears out and my high wear out  
(Give out from underneath me)  
I'ma rip this shit till my bone collapse

Music is like magic there's a certain feelin' you get  
When your real and you spit and people are feelin' your  
shit

This is your moment and every sin'le minute you spend  
Tryin' to hold onto it 'cause you may never get it again  
So while you're in it try to get as much shit as you can  
And when your run is over just admit when its at its end  
'Cause I'm at the end of my wits with half this shit that  
gets in

I got a list here's the order of my list that it's in  
It goes, Reggie, Jay-Z, Tupac and Biggie  
Andre from Outkast, Jada, Kurupt, Nas and then me  
But in this industry I'm the cause of a lot of envy  
So when I'm not put on this list the shit does not offend  
me

That's why you see me walk around like nothin's  
botherin' me  
Even though half you people got a fuckin' problem with  
me  
You hate it but you know respect you've got to give me  
The presses wet dream like Bobby and Whitney Nate  
hit me

Till the roof comes off, till the lights go out  
Till my legs give out, can't shut my mouth  
Till the smoke clears out and my high wear out  
I'ma rip this shit till my bone collapse  
(Until the roof, until the roof)  
Till the roof comes off, till the lights go out  
(The roof comes off, the roof comes off)  
Till my legs give out, can't shut my mouth  
(Until my legs, until my legs)  
Till the smoke clears out and my high wear out  
(Give out from underneath me)  
I'ma rip this shit till my bone collapse

Soon as a verse starts, I eat it at MC's heart  
What is he thinkin'? I'ma not to go against me, smart  
And its absurd how people hang on every word  
I'll probably never get the props I feel I ever deserve  
But I'll never be served my spot is forever reserved  
If I ever leave earth that would be the death of me first  
'Cause in my heart of hearts I know nothin' could ever  
be worse  
That's why I'm clever when I put together every verse  
My thoughts are sporadic, I act like I'm an addict

I rap like I'm addicted to smack like I'm Kim Mathers  
But I don't want to go forth and back in constant battles  
The fact is I would rather sit back and bump some  
rappers  
So this is like a full blown attack I'm launchin' at them  
The track is on some battlin' raps who want some static  
'Cause I don't really think that the fact that I'm Slim  
matters  
A plaque of platinum status is whack if I'm not the  
baddest

Till the roof comes off, till the lights go out  
Till my legs give out, can't shut my mouth  
Till the smoke clears out and my high wear out  
I'ma rip this shit till my bone collapse  
(Until the roof, until the roof)  
Till the roof comes off, till the lights go out  
(The roof comes off, the roof comes off)  
Till my legs give out, can't shut my mouth  
(Until my legs, until my legs)  
Till the smoke clears out and my high wear out  
(Give out from underneath me)  
I'ma rip this shit till my bone collapse

(Until the roof)  
Until the roof  
(The roof comes off)  
The roof comes off  
(Until my legs)  
Until my legs  
(Give out from)  
Underneath me  
I will not fall  
I will stand tall  
Feels like no one could beat me
