Artist: DJ Spinna f/ Eminem, Thirstin Howl III

Verse One (Thirstin Howl):

I hit harder

Than Forman

Landing both both gloves to a low blow

With no cup

Leave you Speech-less like when Arrested

Development broke up

Carry a crow bar for egos that won't budge

Crack skulls

Through helmets

With the penetration of a screw nailed in

Return like I was sending self addressed postage

Throw bricks the size of the Stonehenge

Before battles, we pour blood

And toast, death to wicked infants

Found on the sorceress' doorsteps

Slaughter lamb

And boar's head

Every MC's cause of boredom

And mind bondage

Bronchitis, lung failure

Language unfam-i-liar

Art through a flooded air brush

??? leave craft

Sentences joined with words holding hands

It's a tight squeeze

From where your head will be landing

In exact time flight leaves

Verse Two (Eminem):

Who's arm is this?

I must have cut it off of the pharmacist

And refused to renew my seventh prescription of
darvocets

I'm the old man who lives upstairs and starves his pets

And never leaves his house 'cause he thinks his car's
possessed

I hate my life

That's why I degrade my wife

Grabbed a paper plate to make a sandwich

And just ate the knife

My mother's screaming 'please heal him, take him

straight to Christ'
Meet you on the street and slap you just to break the
ice
Made a bomb threat with a fake device
Strip you naked twice, pistol whip you and force you to
take advice
And if you catch me bobbin' my head to some bullshit
spittin'
I was probably just tryin to shake the lice
Bugs fallin' out of my head
I'm wishin' I was dead
While I'm crawlin out of my bed
Found it red
And my rash is returning
I feel the sensation of burning
Occurring, usually during pain for release in my urine
Screamin' at my shadow 'please quit followin' me'
These pills keep screamin' 'please quit swollin' me'
The devil keeps screamin' 'please get down on one
knee'
Took the drugs before the cops ever found them on me
