Before messing with us, think about
You are standing in front of the great gang, The dark
clan.

It is a greater evil than you newbie criminals ever will
be. We are mighty, and We are the dark clan

Dark, dark, dark clan

If u provoke us

We'll kill you, we'll kill you

Yeeeeearh

We are the dark clan

Dark, dark, dark clan

If u provoke us

We'll kill you, we'll kill you

BIAAAAATCH

(S ChaoZ)

Love or hate me

Crap or shit or the

Odd looking man

Whos standing with a sign

Bitch who do u think I am?

I've done a crime

I guess u are a criminal, but now your just a fool

Dark clan will kill you!

(S ChaoZ)

Cuz

We are the dark clan..etc

(S HaZe)

You know just like ashes to ashes,

Dust to dust

Who can we trust and who can we not

The other gangs just fucking with those slot

Who doesnt give a damn crap about me

Who will be damned, or who will be set free

Kiss me ass

Biiaatch crash

These other gangs or taste my spank
I do it nicely with a big plank
I dont keep on living my whole life (I think)
I will begin 2 b an alcoholic (and drink)
Cuz everybody asking us who are we?
And I answer them:

We are the dark clanetc

(Chorus both)
Our name is dark, dark clan
Just call us the ultimate gang (haha)
James bond would never have a chance
Without some immunities or some resistance
Or assistance anyway, where do we stay?
At the club house or what mothafucka?!?!?

We are the dark clanetc

Criminal, are we
We dont feel Innocent or free
The world we are living in is not for lend
U can buy for a thousand million dollars
But who will? And who council?
U know
