We ride with the fastest boys around
The Zatopeks drove the Vipers out of town
Here's our love song for the boys who are the most
They take us to the drive-in and buy us Cherry Coke
When the show is over, drag up and down the strip
And when it gets dark, slip into the back seat.
Hey hey Zatopeks we only ride with you
Sometimes I get thinking that without you I'd be blue.
Hey hey Zatopeks we only ride with you
Sometimes I get thinking that without you I'd be blue.
We ride with the fastest boys around
The Zatopeks drove the Vipers out of town
So here's our love song for the boys who are the most
They take us to the drive-in and buy us Cherry Coke
And when the show is over, drag up and down the strip
And when it gets dark, slip into the back seat.
Hey hey Zatopeks we only ride with you
Sometimes I get thinking that without you I'd be blue
