"Zombie Girl"

I've been wandering aimlessly
Things got confused inside my head
Been decomposing shamelessly
Now I'm one of the undead.
Used to be good, now I'm into gore
Used to be sweet, but that was before
Used to be fun, now I'm just a bore
Wanna be better, I don't want to be a zombie girl no more.

I've been wandering aimlessly
Things got confused inside my head
Been decomposing shamelessly
Now I'm one of the undead.
Used to be good, now I'm into gore
Used to be sweet, but that was before
Used to be fun, now I'm just a bore
Wanna be better, I don't want to be a zombie girl no more.

Ghoulie ghoulie catching up with you
Drive you home now there's nothing to do
Every day playing the waiting game
Watch this baby, watch me eat my own brain.
