Do you know how hard I tried but I fail  
Do you know that I tried my best but I lose  
Don't you know I'm so envious I've got nothing  
Dead to this world cause I'm all alone  
Time goes by another wasted year there's no way out  
I lose myself to another fear I've lost again  
Deviously low scum is what I've become I want you to  
die  
But that's just a lie because I've never changed  
I feel my hatred about to explode  
Feel my anger consume you whole  
You're weak cause life was kinder to you  
As for me my goal is to make sure you learn what's  
misery  
My feelings are gone I'm numb inside  
I feel they steal I can't heal cause that's my deal  
My feelings are gone I'm numb inside  
I feel they steal I can't heal cause that's my deal  
We won't rot alone the ones we hate  
Their ends will comfort my hate  
My plans were set long ago  
Destroy all the hopes that you've known  
Crush all your silly dreams  
You're life aint as perfect as it seems  
Now feel my hatred explode  
Now know my plans are a go  
Now I'll complete my revenge  
Now my lost dreams I'll avenge  
You could never understand  
Who I am what I am what I've become  
I will spit in your face  
Until I die for who I am  
And what I've become  
You could never understand  
Who I am what I am what I've become  
I will spit in your face until I die
