The crime, birth, my motive's clear  
My final objective is to destroy and conquer all that I  
fear  
The fear's in me instilled through the years  
That's causing growing pains I think I can't get it out

I get irritate so full of hate  
The truth behind the madness I faced as of late  
I get irrational but not emotional  
Show no emotion will teach them to fear and respect

This world is going straight to hell fast  
It's broke my heart and soul like shattered glass  
It's very happiness feeds my hate  
It's very existence will open the gates of rage

I'm filled with distress, I want to destroy  
Everything that's ever filled me with rage  
I'm filled with distress, I want to destroy  
Everything you've ever known and loved

I seek revenge on society  
To destroy all you've ever known  
I want revenge on your world  
For my crime of being born

This fucking life and world owe me  
A lifetime of heartache and pain while you've thrived  
And you don't fucking know me  
I'll do all that I can to rip your world apart  
And I, I, I, will prove why it was wrong for me to ever be  
And I, I, I, I will unleash my vengeance upon thee

I seek revenge on your society  
To destroy all you've ever loved  
I seek revenge on this world  
For my crime of being born  
For the crime of being born

I seek revenge on your society  
For the crime of being born  
I seek revenge on your society

For the crime of being born  
I seek revenge on your society  
For the crime of being born
