Long lonely nights  
My thoughts are a mess  
I know what I want but what I want I can't get  
Can't tell what day it is sometimes sometimes I sit  
alone and I cry  
And I think off all the things that have gone wrong with  
me in this life  
Grim loneliness and sorrow thrives in me  
The seeds of hate have matured at an accelerated rate  
causing doom to loom  
Waiting for the moment I decide it's time to die  
Grim loneliness and sorrow thrives in me  
The seeds of hate have matured at an accelerated rate  
causing doom to loom  
Waiting for the moment I decide it's time to die  
My childhood memories are a pain ingrained in me  
To reminisce is to open up old wounds I tried to leave  
and bury behind  
I've lost I've lost too many times  
I've failed I've failed in society's eyes  
Fuck them fuck them I'll show them as much mercy as  
this life has shown me  
Long lonely nights  
My thoughts are a mess  
I've known what I want but what I want I couldn't get  
Can't tell what day it is sometimes sometimes I sit  
alone and I cry  
And I think of all the things that have gone wrong with  
me in this life  
Grim loneliness and sorrow thrives in me  
The seeds of hate have matured at an accelerated rate  
causing doom to loom  
Waiting for the moment I decide it's time to die  
Grim loneliness and sorrow thrives in me  
The seeds of hate have matured at an accelerated rate  
causing doom to loom  
Waiting for the moment I decide it's time to die  
To reminisce is to open up old wounds I tried to leave  
and bury behind  
I try to better myself but the rush and stress of life  
seems to have pushed everyone ahead and left me  
behind

I've lost I've lost too many times  
I've failed I've failed in society's eyes  
Fuck them fuck them I'll show them as much mercy as  
this life has shown me  
Long painful nights  
My thoughts are a mess  
My thoughts have become one  
I want to end it now  
I want to take all those I hate with me on a journey of  
pain tonight  
There won't be any thing you can do about it  
cause when I decide it's time it'll be time for all to pay  
It's the only way the only way for my conscience and  
soul to rest at ease  
I belong nowhere  
Outcast  
I belong nowhere  
Outsider
