I've always walked alone and I'll never live like one of them
And though you've been called my friend
I'll walk this path until the end
I'll always stand alone and I'll never be like one of them
You've been living on the tears my friend
I'll go where I want until the bitter end

Victim victim
I won't be one they want to bring me down and be a
Victim victim
I won't be one I'm gonna hold my ground
Victim victim
I won't be one They want to bring me down and be a
Victim victim
I won't be one I won't back down

I've always walked alone and I'll never live like one of them
And though you've been called my friend
I'll walk this path until the end
I'll always stand alone and I'll never be like one of them
You've been living on the tears my friend
I'll go where I want until the bitter end

And when the storm comes will it wash away my tears
And will it take away the sins of all my peers
I've always stood alone
I'll always be alone I'll never be like one of them

Victim victim
I won't be one they want to bring me down and be a
Victim victim
I won't be one I'm gonna hold my ground
Victim victim
I won't be one They want to bring me down and be a
Victim victim
I won't be one I won't back down

I'll never be a victim
Don't want to be a victim
I'll never be a victim

Of this twisted system
I won't back down
