Daddy dont ever die on a Friday
it can seriously damage your heart
I beg you more than ever
cause death will last forever
Who cares about day you will die

Daddy dont ever die on a Friday
Cause weekend aint no good for funeral
show me some real devotion
Death is an endless ocean
you ve enough time to run jump and dive

Daddy dont ever die on a Friday
dont do that stupid thing to me
I am sure you ll go to Heaven
so please do me a favour
choose another day in the week

Daddy dont ever die on a Friday
on Saturday is my wedding time
everything is ready
my darling s in a taxi
daddy dont ever die on time

Everything is ready
my sugar is in taxi
Daddy don t ever die on time
