You make me feel
Suicidal and murderous
You make me feel
A helluva damn sight worse
You make me feel
Unnatural, Unclean
You make me feel
Like a worn out machine

But I'm not going to feel
Like this anymore
You're not going to wipe me
No more across your floor

'Cause what you just did
The nail in the coffin
What you just said
The last nail in the coffin
The nail in the coffin
Last nail in the coffin
The nail in the coffin
Last nail in the coffin

I'm not being mad-erratic
I'm much saner than you
I'm not being automatic
I've got feelings unlike you
I'm not being systematic
I'm just saying it's a fact
I'm not being melodramatic
I don't care how you react

'Cause what you just did
The nail in the coffin
What you just said
The last nail in the coffin
The nail in the coffin
Last nail in the coffin
The nail in the coffin
Last nail in the coffin
Rap:
No-one's going to make me feel

suicidal and murderous and get away
with it
This song is called how to kill your lover
and get away with it
When you've had enough, more than
you can bear
When the tears won't flow no more and
you just sit and stare
When your heart's so broke that even
breathing is sore
YOU DO WHAT YOU HAVE TO DO
Then you grab your passport and you
walk out the door
Keep walking with your shoulders
straight
Past the crowds saying got no time to be late
Got a plane to catch, getting out of here
Go before you get overcome with fear
Go before they say where were you the night of the
28th
Go and find love...
Go and be safe...
Keep walking

'Cause what you just did
The nail in the coffin
What you just said
The last nail in the coffin
The nail in the coffin
Last nail in the coffin
The nail in the coffin
Last nail in the coffin
