Billy hang on, tomorrow won't be so bad
Escape to a place don't anybody laugh
Just for a minute, Billy hang on the raft
There's a devil on the carrier
And there's just no turning back

We're at an all-time low,
But some of the stars still glow
So Billy hang on, Billy hang on for me
They've burned their souls
But the truth will still unfold
So Billy hang on, Billy hang on for me

Billy lets go and raises the body count
Kids in the street and the rebels run downtown
Wanna shut us all down when we open up our mouths
So let them aim 'cause they're never gonna take us
out

We're at an all-time low,
But some of the stars still glow
So Billy hang on, Billy hang on for me
They've burned their souls
But the truth will still unfold
So Billy hang on, Billy hang on for me

Paint your fears on a canvas the size of countries
So everyone knows, that everyone's the same
I'll sing ya through my tears in a ring the size of
oceans
So everyone knows, that everyone's in pain

And it's all OK?

So Billy hang on, Billy hang on for me

They've burned their souls
But the truth will still unfold
So Billy hang on, Billy hang on for me

Yeah, Billy hang on for me, Billy hang on for me?

Yeah, Billy hang on for me, Billy hang on for me?
